Superintendent's Highlights

At this level, the administrative team is engaged in the 3 R's for improvement. The 3 R's are Reform, Rejuvenation, and Restructure.

Reform efforts include accentuating professional acumen through acknowledgment, public involvement, instructional leadership, and community service. The administration will be a leader who will be involved in instructor goal development, curriculum implementation, technology integration, and mentoring of staff.

Rejuvenation addresses the parameters of innovation, accountability, and expectations. Administrators are encouraged to manage their risks, learn from failure, grow from involvement, be progressive, and develop a strong network of support.

Restructure dynamics revolve around the Career Educational Opportunity Team (CEOT) whose role is to generate participation in genuine change, cultivate assistance and increase learning opportunities for students.

Progress Towards Meeting District Goals

2000-01 Goals	Progress
To increase communications between and among the school and community.	Community and school personnel serve on the communications committee designed to increase awareness of school projects within the community. A school calendar is continuously updated and disseminated throughout the community. The committee also authorized funds for a student newspaper materials needs.
To accentuate professional development of school personnel.	A professional development committee reviews the requests for professional growth. Those approved requests receive funding and leave to attend conferences and workshops.
To align curriculum with the achievement standards.	The curriculum committee assisted in the implementation process for lesson plans, benchmarks, and Essential Learnings. Staff are now integrating the curriculum standards to prepare students for the assessments.
